

Pays to keep them happy and healthy?

We've got you covered

Happy cows are productive cows

Marley Roofing's Super 6 Fibre Cement Sheets work to absorb excess moisture and reduce the risk of condensation drips from the roof – making livestock more comfortable and less likely to get sick.

MarleyRoofing

Ideal cover for Poultry Farms, Hatcheries,
Dairy Farms and Stables

Marley Super 6

Fibre Cement Roof Sheets

In addition to its excellent thermal properties and reduced reverberation, Marley's Super 6 Fibre Cement Sheets absorb up to 25% of its dry weight in moisture - reducing the amount of condensation to keep livestock and their feed dry for an overall healthier internal environment.

Advantages:

- > **Superior durability and long-term reduction in maintenance costs** – life expectancy of 50 years with no more rust, rot or corrosion.
- > **Excellent thermal insulation** – reduce distress on animals with more stable indoor temperatures and substantial decrease in reverberation and noise.
- > **Significant reduction in condensation** – reduces the risk of illness due to contaminated feed.
- > **Elimination of excessive moisture, making it well suited to aggressive atmospheres with higher than normal concentrations of acids, alkali's, fats or salts** – reduces risk of bacteria and fungus spread, keeping animals healthy and expensive vet bills low.

Available in natural unpainted sheets:

- > 2400mm x 920mm
- > 3000mm x 920mm
- > 3600mm x 920mm
- > 1200mm x 920mm
- > 1800mm x 920mm

100% Asbestos Free!

All our profiled sheeting contains no asbestos
